

SOURCE ONE VODKA

A collection of single-estate spirits distilled from grains grown on our own ranch just east of Lake Tahoe in Nevada.

WWW.SOURCEONEVODKA.COM | f SOURCEONEVODKA

SOURCE ONE VODKA

- Oats and wheat produce a silky mouthfeel with a bright finish.
- Source One's water comes from the historic Well One, which is fed by the high Sierra snowmelt and dedicated to our distillery.
- Twice-distilled.
- Produced in small batches and finished in copper pot stills.

TASTING NOTES

The oats lend the spirit a rich mouthfeel and sweetness, while the wheat adds hints of nuts and cereal; the finish is clean and bright. This vodka has all the hallmarks of a classic, with just a bit more body.

750 ml; 40% ALC/VOL

SOURCE ONE VODKA RESTED IN OAK SHERRY CASKS

- Rich and deep color designates this as a unique vodka.
- Distilled and proofed with water from the historic Well One, fed by the high Sierra snowmelt and dedicated to our distillery.
- Rested over 20 days in Spanish Oloroso Oak Sherry Casks.
- Twice-distilled.

TASTING NOTES

Floral aromas with sweet notes lead to stone fruit, particularly ripe cherry and raspberry, on the palate. The creamy oat mouthfeel produces a lovely finish. This Source One expression drinks like a whisky in cocktails but delivers the smoothness of a traditional vodka.

750 ml; 40% ALC/VOL

JUNIPER GROVE GIN

A collection of estate gins distilled from grains grown on our own ranch just east of Lake Tahoe in Nevada.

WWW.JUNIPERGROVEGIN.COM | f JUNIPERGROVEGIN

AMERICAN DRY GIN

- Produced from five different botanicals.
- Our expression of a traditional dry gin.
- Produced in small batches and finished in copper pot stills.
- Triple-distilled.

TASTING NOTES

Lovely aromas blossom from this gin coming from the classic blend of botanicals distilled into the spirit. The rich flavors as you sip are enhanced by the richness of the oat-based spirit and soften into a pleasantly vibrant finish of juniper and bright fresh citrus.

750 ml; 46% ALC/VOL

ATRIUM GIN

- Produced from ten different botanicals.
- Produced in small batches and finished in copper pot stills.
- Triple-distilled.
- Our expression of a contemporary estate gin.

TASTING NOTES

Bright floral notes, highlighted by grapefruit citrus sweetness hit the front of the palate, developing into a floral and earth bouquet. This is a tremendously bold gin with flower-forward complexity that evolves across a spectrum of experiences from lavender to roots to earth, and spicy savory notes.

750 ml; 46% ALC/VOL

BENTLY HERITAGE

ESTATE DISTILLERY

A TOAST TO TRADITION

Our premium estate-made spirits are made from grain sourced from our land just east of Lake Tahoe in Nevada. We strive to elevate the passion that connoisseurs have for spirits, creating an experience that will be treasured by those who truly understand our mission to explore the abundance that nature offers and innovate on traditional techniques.

Estate Grown

Sustainable grain; oat, rye, wheat, barley, and corn are cultivated on our own land here at the Bently Ranch, and processed in our estate Malt House.

Estate Made

Our journey begins when we plant our estate grains on the Bently Ranch. Fermentation, distillation, aging, and bottling all take place within our estate. Spent grains are then returned back to the land in the form of compost or feed for our cattle. This cycle of growth, use, and reuse results in a true expression of the land, the people, our principles, and the artistry that goes into every glass.

Bently Heritage, L.L.C., Minden, Nevada
